In the air medical community, it's naturally impossible to avoid constantly hearing the terms critical care and intensive care. This is because air ambulance teams exist to ensure that patients receive critical/intensive care while in "air medical transport" to facilities where they can continue to receive this high level of care, without missing a beat (sometimes literally).

### **Critical Care vs Intensive Care: What's the Difference ...**

The Society of Critical Care Medicine (SCCM) is the largest non-profit medical organization dedicated to promoting excellence and consistency in the practice of critical care.
